

WBYC Sailing Program Director
Andrew Nugnes

I am excited to introduce myself as the sailing director for the 2018 Junior Sailing Program at WBYC. This is a wonderful opportunity for me to share my 30 years of sailing experience beginning as a participant in a junior sailing program at the age of 7 all the way to coaching at other Cape Cod area yacht clubs including 10 years as the head coach of the Barnstable High School Sailing Team and the President of the New England School Sailing Association.

I have had vast experiences coaching and sailing all types of sailboats, big and small, from advanced racing to fun and innovative teaching techniques. Sailing is a true passion of mine and I look forward to sharing that passion and making 2018 a great season for Waquoit Bay Yacht Club Junior Sailing Program!
